

Structured Finance Association Announces New Dates for 2021 Conference

SFVegas 2021 Will Be Held July 25-28 at Aria Resort & Casino in Las Vegas, Nevada

The leading trade group for the securitization industry, the Structured Finance Association (SFA), today announced new dates for its annual conference in Las Vegas, Nevada. Previously scheduled to take place May 2-5, 2021, the industry-focused event featuring best-in-class speakers will now be held July 25-28 at the Aria Resort & Casino.

“SFVegas 2020 was a huge success, with more than 8,200 of our industry’s leaders gathering for important conversations about economic, political, and regulatory dynamics impacting our markets,” **said Michael Bright, CEO of the Structured Finance Association.** “We are eager to get together again. With Covid-19 vaccines coming online fast, we are very hopeful that will be possible in mid-2021. Due to the projected availability of vaccines for the general public and the strong desire of our membership to have an in-person conference, we are moving SFVegas 2021 to late July to help make that a reality. As always, we will be proactive in taking steps to ensure the health and safety of our members, their families and our broader finance market, policymaker and media community. As the new dates approach, we will continue to consult with public health officials. We are grateful for the support of our sponsors and member institutions and look forward to seeing everyone in Las Vegas in person next year.”

With more than [370 member institutions](#) comprised of accounting firms, broker/dealers, diversified financial intermediaries, investors, issuers, IT vendors, law firms, mortgage insurers, other small financial institutions, rating agencies, servicers and trustees, SFA is the leading voice for the securitization industry.

In February 2020, SFA held the largest capital markets conference in the world in Las Vegas with more than 8,200 attendees. The three-and-a-half day program was developed by industry leaders representing the full spectrum of market participants.
