Juneteenth is a celebration that began with the actions of brave people like Harriet Tubman and her work with the Underground Railroad and the desire of many, from the beginning of our country, who realized that the enslavement of human beings was wrong and could not be permitted in our country, which is based on freedom. It is a day to celebrate the beginning of our nation better living up to its ideals, which continues today to ensure that all persons have equal access to the inalienable rights to which we all, as humans, are entitled.
